MEMORANDUM FOR GENERAL RICHARD G. STILWELL  
Interagency Group/Countermeasures Chairman

Re: NSDD-84 Personnel Security Review

Attached, for your consideration and comment by the IG/CM at its next meeting, is an options paper prepared by the Personnel Security Review group established by the Attorney General pursuant to NSDD-84. This paper describes the fundamental issues that the group has identified in the course of its discussions and on which further SIG(I)/NSC guidance is required before the review may proceed. After the IG/CM review, we intend to send the paper forward to the SIG(I) and then to the NSC, with a recommendation that the Director of OPM be afforded an opportunity to participate in the discussions at that level. We will also provide a simultaneous copy to the Director of OMB for a determination as to whether and which other departments and agencies outside the national security structure should receive copies for comment.
